

Our Mission:
Together we build homes, community, and hope.
Below are a few examples of our vibrant community partnerships:

Auburn University Building Science (BSCI)
Each Fall, seniors in BSCI partner to frame a home. Each Spring, seniors in BSCI complete the exterior work. Each summer BSCI Camp builds an 8x10 storage building.

Auburn High School Building & Construction
Students learn house framing skills each year by building an 8x10 storage building for a Habitat homeowner.

AHS Work-Based Learning HFH Partnership
Patrick Milenkovitch, Construction Project Management Intern. Arianna McCrane and Andrew Faircloth, Media Tech Specialists and Grant Writers.

New Community Partner
Thank you Stone Martin Builders Team for planning, leading, and building Habitat homes #74, #75, and #76. "Three homes for Christmas 2023," in partnership with the City of Opelika and West Fraser.
